Dear Ms. Légère:

Enbridge Gas New Brunswick – Rate Rider

In accordance with the Board decision dated December 15, 2005 approving Enbridge Gas New Brunswick's ("EGNB") 2006 Rate Application, EGNB has removed the "Target Distribution Rate Reduction" in the Small General Service Distribution Rate resulting in a Delivery Charge of \$7.6212 per GJ and a monthly Customer Charge of \$16.00 based on the Target Distribution Rate of \$9.3054 per GJ. A revised rate schedule is enclosed for this class.

Based on current volatility in energy prices and in accordance with our commitment at yesterday's proceeding, EGNB is filing a Revenue Adjustment Rate Rider ("Rate Rider") that will allow EGNB to reduce its delivery rates to improve the overall competitive position of natural gas.

I am enclosing, on behalf of EGNB, a Rate Rider to reduce the Small General Service, General Service, Contract General Service and Contract Large General Service LFO delivery charges. EGNB requests that the Board approve the proposed Rate Rider effective January 1, 2006.

If you have any questions or require additional information, please call me.

Yours truly,

Shelley Black
